See permit conditions below

PERMIT CONDITIONS

This APHIS-issued import permit only covers compliance with APHIS regulations and requirements. Therefore, this APHIS permit for the commodity to be imported does not reduce or eliminate the permittee's legal duty and responsibility to likewise comply with all other Federal and State regulatory requirements applicable to the commodity to be imported.

The importer or designee is responsible for confirming with CBP and PPQ at the destination port in advance of each shipment, that CBP and PPQ has the capacity to clear or handle permitted air and maritime cargo shipments, including bulk, mail, and express consignment shipments

The applicant for a permit for the importation of regulated articles into the United States must designate the person who will be named as the permittee upon the permits issuance. The applicant and the permittee may be the same person or different persons and the submission of this form affirms that the applicant is at least 18 years of age.

The permittee is the legal importer of an article and is responsible for complying with the permit conditions. The permittee must be at least 18 years of age and have and maintain an address in the United States that is specified on the permit and be physically present during normal business hours at that address during any periods when articles are being imported or moved interstate under the permit; or If another legal entity, maintain an address or business office in the United States with a designated individual for service of process; and serve as the contact for the purpose of communications associated with the movement of the regulated article for the duration of the permit.

WARNING: Any alteration, forgery or unauthorized use of this Federal Form is subject to civil penalties of up to \$250,000 (7 U.S.C.s 7734(b)) or punishable by a fine of not more than \$10,000, or imprisonment of not more than 5 years, or both (18 U.S.C.s 1001)

This permit authorizes the importation of the listed articles, under the conditions specified below. A copy of this permit (including all conditions) must accompany all shipments authorized under this permit.

Please note that the import requirements and approved commodities listed below are subject to change at any time during the duration of this permit. Please refer to the USDA-PPQ Port Program Manuals at http://www.aphis.usda.gov/import_export/plants/manuals/ports/index.shtml for the current import requirements for the commodities you are importing.

If the official personnel find that the shipment requires treatment as a condition of entry, is contaminated with a quarantine plant pest or pests, is commingled with a prohibited plant material, or if required documentation is incomplete or missing, they will order the least drastic action, which could be approve treatment, re-exportation or destruction of a shipment, a portion of a shipment, or any other material associated with the shipment (i.e. pallets, packaging, means of conveyance...) Noncompliant shipments will be treated, re-exported or destroyed, at the consignee's expense.

Any person who violates the Plant Protection Act (PPA) of the United States, individuals or corporations who fail to comply with these conditions and authorizations, or who forge, counterfeit, or deface permits may be criminally or administratively prosecuted and found guilty of a misdemeanor which can result in penalties, a one-year prison term, or both. In addition, all current permits may be cancelled and future permit applications denied.

The shipment must be free from pesticides, soil (unless authorized per the CFR) plant material other than seed, other foreign matter or debris, seeds in the fruit or seed pod, and living organisms such as parasitic plants, pathogens, insects, snails, and mites.

If fumigation is required, and plastic wrappings such as cellophane, films, and shrink wrap; and papers that are waxed, laminated, or waterproofed are used for wrappings, they must be perforated, removed, or opened before fumigation. If wrappings are perforated to facilitate fumigation, holes should be at least 3/16-inch in diameter every 3 square inches or 1/4-inch in diameter every 4 inches over the entire surface of the wrapping.
